This one of a kind modern contemporary masterpiece of a designer home was completely rebuilt in 2007 and offers the finest European finishes and custom architectural details. The vaulted great room is 45' long and features gorgeous bluestone & carbonized bamboo floors, an ultra-chic Snaidero kitchen with Meile 5-burner cook top, built-in espresso, plate warmer, dishwasher, Sub-Zero built-ins, gourmet pre-stocked cutlery island, and wine chiller. Three bedrooms each have en suite baths with imported glass ceramic tiles, and UltraBain spa tub in master bath. Other notable features include three fireplaces, large walk in wine cellar on lower level, dry sauna, media room, bonus room to be office, gym or studio. There are three connecting outdoor terraces with Viking BBQ just outside media room. Additionally, the home has full security surveillance system, dual air conditioning units, is wired for electronics, and has a two car finished garage with ample additional onsite parking. Includes approved plans for a pool & spa. This home is elegant and functional, located in the heart of Laguna just minutes from the finest restaurants, boutiques & galleries, parks & hiking trails.
