

990 SANTA ANA, LAGUNA BEACH

floors throughout. Dramatic skylights and natural light. The two guest rooms on the main level share a jack-n-jill bathroom. The downstairs can be used as another master retreat or it can be a bonus room with the bathroom and the powder bathroom on the lower level. This indoor outdoor home features 16' high beamed ceilings and dramatic skylights throughout the upper level. The front deck serves as an outdoor dining / living area offering breathtaking Catalina and sunset ocean views. The backyard has a deck at the top with plenty of room to garden and grow vegetables. Two car garage with direct access , walking distance to the park and hiking trails. Just minutes from the Montage Resort and the beach. If you're looking for a turn key home with Ocean Views, look no further.

Beautiful all ocean view light and bright modern completely remodeled home on a double lot. Ocean views, coastline views, city lights and northern islands with Catalina sunsets! This home has a beautiful open floor plan with three of the bedrooms on the main level. Gourmet kitchen opens up to the living room and dining area with large wraparound Ocean View Deck. The master retreat has beautiful bathroom sliding doors that open up to a deck with ocean views. Beautiful Russian Oak
